

# Cisco® StackWise cables

For Cisco Catalyst® 3750 Series Switches with StackWise

For Cisco NME-XD-24ES-1S-P with StackWise

For Cisco Catalyst® 3750-E and 3750-X Series Switches with StackWise Plus  
Compatible Cables

Our Cisco® Compatible StackWise cables are great for quick and easy deployment in stacking applications and provide valuable benefits including:

- Single configuration of stacked switches
- Lower price points
- Speeds up to 32 Gbps on Cisco Catalyst® 3750-E Series Switches
- Speeds up to 32 Gbps on Cisco Catalyst® 2851, 3745, and 3850 Series Switches using NME-XD-24ES-1S-P
- Speeds up to 64 Gbps on Cisco Catalyst® 3750-X Series Switches

These StackWise cables can easily intermix with existing Cisco switches, and are the value choice of datacenters and corporations alike. All units are quality tested on Cisco 3750-X series switches.
