1. Attaching the Ceiling Mount Head to the Pipe

Thread and tighten the ceiling mount head onto the pipe(not included).

Insert and tighten one set screw to secure it.

2. Installing the VESA Plate

Note: Choose the appropriate screws, washers and spacers (if necessary) according to the type of screen. Screw the VESA plate onto the display.

⚠ Tighten all screws but do not over tighten.

3. Hanging the Displays onto the Ceiling Mount Head

- Hook the VESA plate (attached the display) onto the ceiling mount head and tighten the screw to secure them.
- Repeat previous step for the other display installation.

4. Adjustment

Maintenance

- Check that the bracket is secure and safe to use at regular intervals(at least every three months).
- Please contact your dealer if you have any questions.
